

## Public Health Center Clinic Registration Hours

### Week of January 18 - 22, 2010

Due to our continuing effort to administer H1N1 vaccine, normal clinic operations have been temporarily reduced for the next two months. Please note, all schedules are subject to change as the reduced schedule may be extended. Patients are advised to call the Health Center to confirm that a particular session is still available as scheduled.

H1N1 vaccine can now be provided to individuals outside of the five priority groups. H1N1 vaccine is available at 11 of the 14 Health Centers listed below. If you do not have a regular healthcare provider, you can get vaccinated against H1N1 for FREE. Please see the schedules below or call one of the 11 Health Centers listed ( see the telephone number in the left-hand column) to obtain the days and times when the vaccine will be available at that location.

Further, no fees are charged for services provided by the Los Angeles County Department of Public Health STD clinics.
